

Corona- erêniye:

Çi paştire?

Her ku rewşa we beş bê jî, hûn herwiha heta astekê bilind pêketine û hûn **xeterin ji bûna mirovên din.**

2 heftî karantîna ji bû we û malbata we:
nabê hûn ji mal derkevin!

Çi divê ez bikim?

Cihê serşûyê û aşxanê, di yek demê de tev kesên din bikarneyne.

Xwarinê bixwe di demên dinde,
newekî endamên din yê malbata
xwe.

Bi pîve, heger derfet hebê, **2-caran**
rojane teya xwe û rojane pileyên
germahiyê binivîsîne.

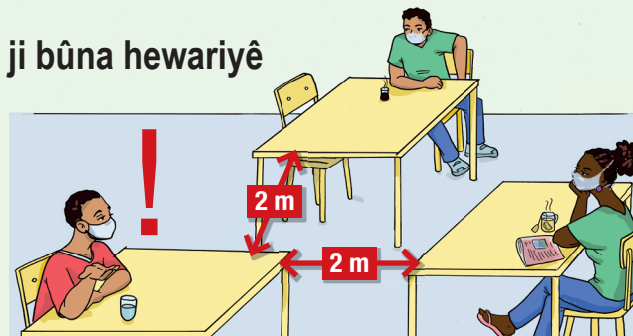

**Çawa ezê malbata
xwe biparêzim?**

Zarokê bi Corona-nexweşe? Bila têkiliya
wî/ê bi xûşik û biran re nebê.
